March 17, 2020

Dear Parent,

The teachers and staff have worked diligently to put together methods of at-home learning activities for your child/children. We know that these alternative learning methods will not fully compare to the learning experiences your child would receive in the classroom; however, we have put in our best effort during this unprecedented time. The teachers have composed daily activities for your child in the core areas of instruction. Each student will be provided with a folder that will outline the school work requested. Some of this work will be provided in paper/pencil format and there will also be online resources available. Online resources will be posted to the school website and Facebook page. A parent pick-up procedure for these homework folders will be held on Wednesday, 3-18-2020 from 2:00-6:30 pm. During this pick-up time no parent or student will exit their vehicle. Parents will pull into the parking lot in the same manner vehicles line up for parent pick up at the close of a school day. A staff member will be available to gather your family's folders and bring them directly out to your vehicle. No students or parents will be allowed to enter the building for any reason. Should you pull into the pick-up line and be the only car waiting you will use your cell phone to dial the school phone number 660-488-6411 to alert the staff you are out front and waiting. There will be no need to dial the school number if multiple cars are in line as we will have staff available to keep the line moving in an organized fashion. Please be patient with us as we complete this process for all families. Please note that teachers may also contact older students by school email and use resources such as Google Classroom. We understand that parents may have many questions for teachers during this time. Teachers will be available for daily questions by email and through other various methods of electronic and phone communication. Please refer to the school website for a complete list of all staff emails. We appreciate all the efforts you will put forth to keep your child's education moving forward. This will not be an easy process, but together as a community, we can do this!

Sincerely,

Mrs. Robin Daniels
